

Greetings

From

PIONEER SUSPENDER CO.

PHILADELPHIA, PA.

The opening of this new big store marks an epoch in merchandising in the City of Phoenix and the State of Arizona.

Every Arizonian should be proud of this enterprise and give it the loyal support to which it is entitled.

It is another milestone marking the rapid progress of your wonderful State.

In this wonderful new big store it will be possible for you to buy all kinds of merchandise gathered from all corners of the world.

Pioneer Suspenders, Brighton Garters and Pioneer Belts will be well represented in this merchandise, for Mr. Chas. Korrick, proprietor of the New York Store, believes in furnishing his customers the best goods of all kinds possible to purchase.

While Pioneer Suspenders and Belts and Brighton Garters will not be one of the most conspicuous lines in the store, nevertheless, they are a most important one—for much depends, or rather "suspends," on them.

In Korrick's New Yarn Section

YOU WILL FIND A COMPLETE
STOCK OF THE

FLEISHER YARNS

It is hardly necessary to introduce these splendid yarns to our customers. Nearly everyone who uses yarns knows that THE FLEISHER YARNS have been the standard since the days of grandmother's youth. And it is a satisfaction to us to be able to offer our patrons yarns whose uniform high qualities we recommend highly.

Make it a point to stop in the yarn department and look over a copy of the new

Fleisher's Knitting and Crocheting Manual

It contains complete directions for making all the newest styles of sweaters, shawls, scarfs, kimonos, jackets, afghans, babies' wear, etc. You will find many ideas for replenishing your own wardrobe or for the approaching gift season.

For men who
want the best

THIS great store is a place where everybody who wants good merchandise, the largest value for the money, can find just that.

One of the best evidences we can offer of that policy in our business is that we sell, and prefer to sell, to men who want best quality, the famous

PARIS GARTERS

No metal can touch you

The prices are the same for these as for other garters; 25 and 50 cents; but we believe these are better value for the money than any other garters made. There are cheaper garters than PARIS; but no sensible man will save five or ten cents on a small purchase, at the cost of getting that much less quality.

Ask for PARIS GARTERS. We're glad to sell them for our own reputation.

IF you have to buy children's garters—you do if you have children—we want you to know about these

Children's Hickory Garters

They're made for the purpose of giving you real service. The elastic and the non-elastic webbing in them is of extra durable quality; the clasp that grips the stocking is made to protect the hose between rubber and rubber; can't tear, can't come loose; holds firmly and sure.

A special buckle adds strength, and a strong, serviceable pin holds securely at the waist. All the metal parts are carefully covered; no metal touches the skin.

We have Children's Hickory Garters in various sizes, at prices from 15 to 25 cents, according to age. Next time you have to buy garters for boys or girls, buy Hickory.

Let the Child's Feet Grow As They Should

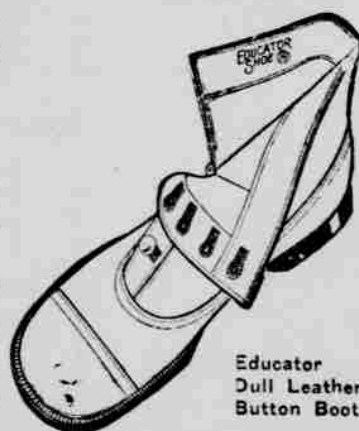

Nature never intended that any child should walk in tight, pointed shoes. Yet because parents have not realized this fact, countless thousands of youngsters have had their feet cramped and crowded and have grown up to suffer the agonies of corns, bunions, bent bones, ingrowing nails and other foot ailments.

EXPERT FITTING
Not only do we carry a good variety of Educator shoes, but we fit them with expert care, so important for the proper development of children's feet.
Korrick's New York Store.

"Room For Five Toes"

That is the first demand in choosing correct footwear for children—and that is the Educator shoe.

Educator shoes allow children's feet to grow naturally, to be straight-boned, athletic, free from the common foot ailments. And children who wear Educators avoid the foot miseries of later years, so common and unnecessary.

Give your children the right chance

Get them into Educator shoes today and keep them there. You will find that in addition to their correctness, these shoes have a sturdy wearing quality which will appeal to the careful buyer.
